

AIR-EAGLE SR PLUS

Key Fob Transmitter

**SMALL SIZE.
BIG RESULTS.**

COMPACT HANDHELD TRANSMITTER

The Air-Eagle SR Plus key fob wireless transmitter is a compact version of a standard four-button handheld transmitter. Designed for short-range applications, it is small enough to conveniently fit in a pocket or attach to a key ring.

The key fob packs an impressive amount of power and is equipped to send unique digital commands to an Air-Eagle SR Plus receiver. It transmits identical RF codes as the standard systems and utilizes spread spectrum technology for security and reliability.

3.54" x 1.74" x 0.62"

KEY FEATURES

- IP67-rated enclosure
- 2.4 GHz spread spectrum
- Eight independent network frequencies
- 250-foot operating range
